

WANDERING THREADS EMBROIDERY

Pumpkins & Leaves Embroidery Pattern

Full Size Design

Fits in a 7 or 8-Inch Hoop

Reverse Image for Iron-On Transfer

Fits in a 7 or 8-Inch Hoop

Materials List

- Fabric:

Size - For framing in the hoop use a square approximately 9 x 9".

If framing in a wooden frame use a square approximately 12 x 12" to ensure you have enough extra fabric for folding.

Weight - A medium weave fabric such as a cotton, muslin, flour sack, or a linen blend is the easiest for stitching. However, a slightly thicker fabric can be a great choice if you are planning to frame your embroidery.

Color - Light or dark fabric are both suitable for this pattern. If using the suggested thread colors, keep in mind that they were chosen for a light colored fabric and you may need to make changes when using a darker fabric.

- Embroidery Hoop:

Size 7 or 8-inch

- Embroidery Needle:

Size 7 or 9

- Items for Pattern Transfer:

Water Soluble Pen, Iron-On transfer pen, Transfer Paper, or Stick & Stitch Paper (See the Pattern Transfer Instructions)

- Small Scissors

- DMC Embroidery Floss:

922, 3051, 407, 972, 3822, 3031, 355, 783, 3802

*Floss colors may need to be adjusted if using a dark colored fabric

Embroidery Pattern Transfer Instructions

Light Table/ Window:

Place the pattern on a light table or tape it to a bright window. Position the fabric on top and secure in place. Trace the pattern onto the fabric using a water erasable transfer pen. The markings from this pen will remain until washed gently with water.

*Pro tip: A computer or tablet screen makes a great light box! Simply open this PDF on your computer, tape the fabric over the pattern on the screen, and trace it. No printer needed!

Iron On Transfer Pencil or Pen:

Iron on transfer pens and pencils can be found at many fabric/craft stores. First, print the REVERSE IMAGE pattern. Trace the pattern with the iron on pencil or pen. Place the traced pattern on an iron-safe surface and secure the fabric on top. Press a hot iron on the fabric for 5-10 seconds. Do not move the iron around. Gently lift an edge of the fabric to check that the design has transferred before removing the fabric.

*This method will leave permanent marks that need to be covered with stitches.

Transfer Paper:

Transfer Paper can be found at many fabric or craft stores. It is coated on one side with a powdery ink that will wash out of the fabric.

Transfer Paper (continued)...

To use, secure your fabric to a flat, hard surface, cover with a piece of transfer paper (powder side down) and place the printed pattern on top. Trace the pattern using a pencil, or stylus. Press very firmly and make sure the paper does not move.

This method works well for transferring patterns to dark fabric. A white or yellow transfer paper shows up nicely.

Stick & Stitch Transfer Paper

This dissolvable, sticky-backed, transfer paper can be drawn on by hand, or printed on using a printer. The pattern goes on the rough (non-sticky) side of the paper. If tracing by hand, use a light-colored pen or pencil and don't press too hard. If using a printer, make sure the setting is for plain, not photo, paper.

Once the pattern is on the paper, lay the fabric flat on a hard surface, remove the backing from the transfer paper, place the pattern on top, and press firmly. Stitch as usual.

When finished stitching, place the fabric in a shallow bowl of lukewarm water. Make sure the water completely covers the fabric. Leave it for 5-10 minutes. Shake the fabric in the water to remove any loose bits of semi-dissolved paper. Rinse and lay flat to dry.

Color & Stitch Guide

The stitches used in this pattern are: Long & Short Blanket, Crossed Blanket, Blanket Scallops, Blanket Pinwheel, Split, Stem, Rope, French Knot, & Whipped Back

Complete step-by-step tutorials for all the above stitches can be found at:
<https://www.wanderingthreadsembroidery.com/embroidery-stitch-tutorials/>

This pattern focuses on Blanket stitch and uses 4 variations of the basic stitch.
<https://www.wanderingthreadsembroidery.com/blanket-stitch-embroidery-tutorial-6-variations/>

Large Round Pumpkin:

Step 1: Pumpkin
Outline & Veins
Color - DMC 922
Stitch - Blanket
Scallops, 3 strands

*Go to the Blanket
Stitch tutorial for
step-by-step
instructions.

Step 2: Pumpkin Stem

Color - DMC 3031

Stitch - Crossed Blanket, 2 strands

* Rotate the pattern so the stem is horizontal.
Start the crossed blanket stitch on the left
side at the top of the stem. Continue to the
end of the stem. Finish the bottom of the
stem w/ long back stitches that match the
length of the blanket stitch on the top side.

Tall Pumpkin:

Step 1: Pumpkin Outline & Veins

Color - DMC 3051

Stitch - Long & Short Blanket, 3 strands

*Rotate the pattern so the pumpkin is horizontal.

Start the blanket stitch on the left side at the top of the pumpkin outline (Row 1). Vary the stitches in length to create the long & short look.

End the thread, move to the line below (Row 2), and following the steps above, fill with blanket stitch. Repeat for row 3.

Finish the bottom of the pumpkin (Row 4) with back stitches that match the length of the blanket stitch on the top side.

Step 2: Pumpkin Stem

Color - DMC 3031

Stitch - Crossed Blanket

* See instructions on previous page

Short Pumpkin:

Step 1: Pumpkin Outline & Veins

Color - DMC 407

Stitch - Long & Short Blanket, 3 strands

*Follow the instructions above EXCEPT start the blanket stitch on the right side of the pumpkin so the stitches face the opposite direction.

Step 2: Pumpkin Stem

Color - DMC 3031

Stitch - Crossed Blanket * See instructions on previous page

Sunflower:

Step 1: Inner Circle
Color - DMC 972
Stitch - Split, 3 strands

Step 2: Sunflower Seeds
Color - DMC 3031
Stitch - French Knot, 3 strands, Wrap 2x

Step 3: Sunflower Petals (inner)
Color - DMC 972
Stitch - Stem, 3 strands

Step 4: Sunflower Petals (outer)
Color - DMC 3822
Stitch - Stem, 2 strands

Ash Leaves:

Step 1: Leaf Outline
Color - DMC 355
Stitch - Split, 3 strands

Step 2: Leaf Veins
Color - DMC 355 & 783
Stitch - Whipped Back, 3 & 2 strands
*3 Strands of #355 Back Stitch whipped
w/ 2 strands of #783

Oak Leaves:

Step 1: Leaf Outline
Color - DMC 3802
Stitch - Split, 3 strands

Step 2: Leaf Veins
Color - DMC 3802 & 783
Stitch - Whipped Back, 3 & 2 strands
*3 Strands of #3802 Back Stitch whipped
w/ 2 strands of #783

Dried Pods:

Step 1: Pods
Color - DMC 783
Stitch - Blanket Pinwheel,
3 strands

Step 2: Pod Stems
Color - DMC 3051
Stitch - Rope, 2 strands

How to Finish Embroidery: Two Methods

Frame in the Hoop

1. Using the inner ring of an embroidery hoop, trace a circle on a piece of felt and cut it out.
2. Place the finished embroidery in the hoop, stretch it smooth and tighten the screw. Trim the excess fabric around the edges roughly an inch wider than the hoop.
3. Cut off a long piece of sewing thread. Make sure it's long enough to stitch all the way around the circle. Leaving a 4-5-inch tail at the beginning, stitch around the edge with Running Stitch.
4. When you've stitched all the way around, grasp both ends of the thread and pull until the fabric gathers together. Tie a knot and cut off the excess thread.
5. Position the felt circle over the back and sew it into place with a whip stitch.
6. Continue sewing all the way around and tie off the thread.

View step by-step photo tutorials for both framing methods on:

wanderingthreadsembroidery.com

In a Wooden Frame

1. Cut a piece of foam board to fit the inside dimensions of your frame.
2. Position the foam board in the center of your embroidery piece. Make sure it's straight! Flip over so the fabric is on the bottom. Starting with the long sides, fold the extra fabric into the center. If necessary, trim the fabric to leave a roughly 1-4" space in between. Pull the fabric tight and secure with long pins.
3. Repeat this process on the short sides. If the corners are bunching, fold them on a diagonal and trim a bit. The finished fabric-wrapped foam board needs to fit snugly inside the frame so try your best to avoid bulky corners.
4. Secure the fabric using a simple lacing technique. Fold the extra fabric from the short sides out of the way. Insert a needle with a long strand of thread about a 1/4-inch from the edge of the fabric and weave back and forth while pulling the fabric tight. Tie off the thread at the end and start a new piece. Finish the lacing by folding the fabric from the short sides into the middle and lacing it together.
5. Remove the pins and place the embroidery board inside the frame.
6. Replace the frame backing, flip it over, and admire your handiwork!
